Somers maintained the affirmative and Webster the negative. The affirmative speakers were Vera Tift, Alfred Egan, Alvin Cook, the speakers on the negative, Halstead Morrison, Guy Fludy, and Clarence Todd.

Miss Mabel Millison, who is at the head of the department of Oratory of the college, will give a recital at Plymouth Congregational church next Tuesday evening that will doubtless prove a rare entertainment. Miss Millison will be assisted by Professor C. A. Ellenberger, director of the Fairmount College School of Music, and by Mrs. Henry Wilson and Mrs. Fred Hammons. The readings of Miss Millison have been announced as follows:

"Psalms"—Hurlbut.

The School of Music of Fairmount college has entered the initial stage. Prof. C. A. Ellenberger, the director of this school, organized the chorus department this week. The students have entered into the chorus work with much enthusiasm. Ninety-six members have joined the class.

Officers of the Fairmount college chorus were elected Saturday evening. Under the direction of Mr. Ellenberger, Lawrence Hurl was chosen president; Gabrielle Himm, vice-president; Vera Tift, secretary-treasurer.

The second football team of the college played the second team of the Friends University on Monday on the grounds of the latter. The game resulted in a score of 6 to 4 in favor of Fairmount.

One week ago Saturday, the first team was defeated at Sterling by the Cooper College team, the score being 11 to 6.

Next Thursday will occur the last football game of the season. The game will be played between Fairmount and Friends on the field of the latter institution.

Miss Nina Miller of Albany, a former Fairmounter, spent several days recently visiting her former college chums. A reception was given in her honor at the home of Miss Jennie Cox.

Mrs. Judge Herrick of Wellington, was a college visitor on Saturday.

Miss P. Norton, who has been in Illinois during the summer, is again a resident at Fairmount.

From Thursday until the following Monday, there will be no college sessions.

Friends' University Notes.

Mr. Fuller, city secretary of the Y. M. C. A., conducted chapel exercises Monday.

William Kessinger of Leavenworth was enrolled last week.

Miss Kirby has been busy during the past week, in addition to her regular work of teaching, in cataloging the new books which have just been received by the library.

Miss Frances has been invited to play before the Music association of the state of Indiana next June.

Miss Dixon is expected Saturday and Sunday at Haysville, the guest of Miss Lulu Grubb.

Here athletic field was the scene of two very interesting games of football the past week. On Monday the Friends won a decisive victory over the team from the college of Emporia. It was a very fast and fiercely contested game, the Friends starting with rapid plays and carrying the ball over Emporia's line twice in the first half, scoring 11 points. Neither side scored in the second half. On Tuesday the second team, from Fairmount and Friends, played a game which resulted in a victory for Fairmount, score, 6 to 0. Both teams played well considering the amount of work that each had.

Miss Flora Wilson, who has been suffering from lung trouble for some months past, left Tuesday in company with her parents for Roswell, N. M., where they will reside in the future. Miss Wilson is much missed among the students and teachers of the university.

The following invitations are out: "The North Hall club requests your presence at dinner Thanksgiving day, North Hall, 12 o'clock—Mrs. J. H. Morgan, matron. At chapel hour Tuesday, December 2, the chorus will sing 'Gloria' from Mozart's 'Twelfth Mass.' Mr. Lucius Adams will sing a solo, 'Under the Shade of the Sheltering Palms.'"

In the biblical department Prof. Jay has organized a class in biblical information. This class will examine the critical grounds upon which rests the genuineness and authenticity of the several books of the bible. The organization of this class is caused by the unusual interest displayed this year in advanced biblical courses. Prof. Jay is known to hold strongly to the orthodox views of evangelized doctrine and believes that the modern schools of criticism have not furnished new evidence which would overthrow the traditional views in matters of biblical truth and the tenets of the higher critical school.

The boys of North Hall are making elaborate preparations for their Thanksgiving dinner and the young ladies receiving an invitation may consider themselves very fortunate.

Thanksgiving holidays will be observed. School will be dismissed Wednesday and will convene again the following Monday.

The Thanksgiving game, between Fairmount and Friends will be the termination of football events. The teams this year are very evenly matched and the game next Thursday promises to be the best one of the season.

Lewis Academy Notes.

Professor Naylor is again back in school after his illness. His classes of course are pleased to resume hard work again.

Miss Brock's chemical laboratory is now equipped with a dark room and all the necessary for complete work in photography. Her class is just beginning experiments along this line. Look out for results.

The new physics tables are to be completed and in place this week. The members of the class will be given a chance for considerable individual work in the experimenting room.

The K. G. department, under Miss Halsey's direction, is rapidly growing and we are pleased to see the number of titles being placed under her care.

Mr. Hays of Viola, made a short visit to the academy this week on his return from a visit in the east. Mrs. Mitts also made a short call on her son, Gile, who is a new student with us this year.

All are glad to have the examinations close and the new term open, unless it is

may be those who are compelled to take a second trial at the examinations which the cruel teacher may propose.

The football boys are greatly pleased with the lockers and shower baths at their disposal this year. Thanks to the board for providing them.

The academy and high school again met on the gridiron yesterday and again withdrew with a score of 6 to 4. How can the supremacy be settled except by another game? This seems to be necessary and it will probably be played soon after Thanksgiving. On Thanksgiving day the academy will try honors with the St. John's Military academy at Salina.

The boys are looking forward to the trip and the game with much eagerness.

On Wednesday morning of last week we were favored with a fine lecture on the "Art of Expression" by Dr. Hudson.

It was very suggestive and much appreciated, being drawn largely from a similar lecture which he had delivered before the Columbia School of Oratory.

Work in the departments of education and physical culture, under Miss Hall, is progressing finely and will be pushed with renewed energy as the winter season sets.

On next Wednesday morning, following the chapel exercises, the following Thanksgiving program will be given, to which exercises the public is cordially invited.

Keelo School of Music Notes.

Interest is not waning in the Thursday afternoon musical given by Mrs. Hays.

Last Thursday Mrs. Hays and Mrs. Hays assisted in entertaining the many guests. The spacious studio was comfortably filled. Several friends of the early days of Wichita were present.

Misses Maud Hays, Dix Trotter and Little Hays presided most gracefully at the traps table.

The Junior Keelo Club meeting was very instructive. The program was most systematically carried out, as planned by the president, Ruby Murray.

Zelma Allen acted as secretary in the absence of the regular, Miss Sch.

The drill in Debussy was led by Zelma Allen. She reviewed relaxing exercises for the forearm.

Ruby Murray conducted the lesson in scales with signatures in sharps, in a very practical and thorough manner.

Zelma Allen read a very interesting sketch of the life of Haydn and then asked questions on the essay.

Mary McComb led the lesson in definition and pronunciation of musical terms.

Ruby Murray, Zelma Allen, Zelma Allen Beale Griffith, Marie McComb and Nina Crans were the members present.

The piano numbers were rendered by Nina Crans, Zelma Allen, Zelma Allen, Ruby Murray and Mrs. Hays.

The Senior Keelo club met at the studio Thursday evening. The life of Handel was comprehensively discussed. An explanation of over-tones and sympathetic resonance, with illustrations at the piano, and a coultal experiment on a monochord, were given by Mrs. Hays.

Among the articles which are to be sold are aprons, dressed dolls, baby hoods, needlework, potted plants, cut flowers, fruit, pies, cakes, candy and nuts.

All ladies who are desirous of helping to prepare a Christmas treat for the little folks are earnestly requested to attend and bring some trifle for the sale. A literary and musical program will be rendered at 2 o'clock, after which the sale will take place.

Literary Notes.

It will be good news to many of James Whitcomb Riley's admirers to learn that there are seven stanzas in his reading version of "An Old Sweetheart of Mine," that have never appeared in print. This year, however, the Bowen-Merrill company have induced the author to allow them to publish in one holiday volume the entire poem of eighteen stanzas. "An Old Sweetheart of Mine" will be one of the most elaborately artistic of the Christmas books. The cover is done by G. Alden Peterson, the decoration by Virginia Kemp, and full page illustrations for every verse by Howard Chandler Christy. These drawings are in delicate tints and reveal this popular artist at his best. Mr. Riley grew enthusiastic when the originals were submitted to him and has gracefully expressed his appreciation of them in the dedication of the new volume. The book will be published December first.

"The Long Straight Road" George Horton has tried to follow his ideals in novel writing. Ideals developed through many years of study. He has sought to make his character act and talk, as people act and talk in life and to let them step out of the picture when they have played their parts and said their say. Although "The Long Straight Road" is not a purpose novel, still the lessons are obvious—the winning qualities of truth and moral courage and the beauty of old fashioned domestic virtue. Mr. Horton is spending the winter quietly in Washington which city, by the way, is attracting many literary people by its picturesque and hospitable cosmopolitanism as well as by its cheerful winter climate.

Miss Alice Woods, the author of "Edgar," is a young woman from Indiana. More than twenty and less than thirty years ago she was born in the northern part of the state, but from early childhood she lived in Indianapolis where her father, the late Judge William A. Woods, of the United States circuit court, made his home. Some years ago Miss Woods went to New York. She studied in the Chase school and alone with Chase for criticism three years. Later she went to Paris, lived in the quarter and worked. She was in no regular school for she liked to go about and learn from everyone and everything, although for a time she studied with Leonardo Garrido, and again with the Mucha. She lived a while in Munich and studied and worked there in the galleries. In fact, she traveled about and worked wherever she went.
